

Consistory Meeting Highlights

October 2024

Ongoing and Special Business

Vision Team – The team has concluded their interviews and has developed a plan for consolidating the information that they gathered. An update on their progress will be given at the November 3 congregational meeting.

Rahma Center – Jeff informed Consistory that both the Properties Team and the Rahma Center have been working to negotiate a Use of Space Agreement.

Team Reports

Finance – Sam and Barb Reid are working together on the 2025 budget. They expect to have a draft available for discussion and input at the November 3 congregational meeting.

Properties - To cover unbudgeted expenses that include the water project and maintenance and repairs to the parsonage, the team recommended that Consistory redirect what is left in the Lighting Project Fund, \$2576.00, and the remaining amount in the Co-Mingled Fund, \$2985.00, towards these costs. Consistory voted (M/S/C) to accept this recommendation.

Cemetery - The new sign has been ordered and is expected to be installed in the coming weeks.
